Around the Square

By Tommy-Ann Miller

By next month, Sierra Madre will have a radio station, KMAX (FM 1.07), named for the owner-founder, Max Isoard (who also owns the Seaside Station here in town).

The new station's 1,000 watts will beam from a 120-foot vertical tower atop 48½ W. Sierra Madre Blvd. (behind the new beauty parlor). Broadcast hours: 9 a.m. to 10:30 p.m., seven days a week.

What does Mr. Isoard plan to broadcast?

"Mostly middle-of-the-road stuff," he said, "news, music, commercials."

He will be broadcasting United Press News, and commercials will be both local and national. The music will be recorded or taped and Mr. Isoard says eventually he may be interested in broadcasting local talent. Chief engineer is John Eppling.

Isoard and his wife, Mary Ellen (who will likely do the KMAX office work), have lived at 420 N. Sunnyside since 1952.

DEMOCRATIC DOINGS.

Where? At Edie Dane's house, 566 Manzanita, on Saturday night, Oct. 15. The Sierra Madre Democratic Club is sponsoring the party—at which time they'll raffie "The Fisherman" sculpture by Howard Whalen.

EDIE'S SON. Bill Dane, is home from a year and a half with the Army in Germany and is currently studying at PCC, majoring in political science (Bill speaks German, French and Russian).

CAR SCARS. Two cars met impetuously in the forenoon last Thursday at the bugaboo intersection of Mountain Trail and Grand View. Neither driver was hurt, but the accident resulted in dented fenders, plus the attention of two police officers, two police cars (one with siren at full throttle), a camera, measuring tape, etc.

Wouldn't a stop sign be easier? And it would appear residents of the area who have long sought stop signs (and rightfully so) on Mountain Trail, it's downright hazardous for children to cross that intersection.

FRIENDLY QUERY. "I go down the streets of Sierra Madre and no longer see anyone I recognize. Where is everybody?"—this comment from Jim Davis. Jim grew up here but for the past six years has been living in Las Vegas with wife, Priscilla (nee Young) and children, Jeff, 6, and Page, 3. Jim is here this week on business (he and his brother, Ray, own and operate a large truck service station), and has been visiting his sisters, Shirley Cullum, Esther Birginsmith, Mary Yule, Dorothy Noble and Jennie Lewis.

CHAIN CURSE compounded. Some mothers have been heeding the demands of chain letters which actually were addressed to the youngsters of the house. But since Junior can't write or can't be bothered, Mother is responsible for keeping the chain going, and is stoutly carrying on the letter-writing in quintuplicate.

The dubious rewards? If the chain remains unbroken, within three weeks Junior is promised about 300 post cards in the mail.

CLEO CAPERS. Be on the watchful for "Cleo," a two-year-old female Siamese (and Clyde's runaway wife) who has been missing since last Friday. She's dressed in a silver-studded red collar and is believed to be en route from N. Auburn to her former Woodland Dr. residence. Clyde may be reached at ELgin 5-7025.

Community Dinner On Monday Night At Woman's Clubhouse

Is Prelude To Start of Dollar Days

With its theme, "The Future of Sierra Madre," the Community Dinner next Monday night at the Woman's Clubhouse promises a rousing, inspirational get-together of the city's leading enterprisers and a prelude to the fall Dollar Days Oct. 20, 21 and 22.

With John H. Curtis, president of the Chamber of Commerce, under whose auspices the dinner-meeting is being staged, as overall director, and Col. Walter D. Thurber, chairman, the program assures a reinvigoration of the torch of progress in this "Little Foothill City of Livability," and a continuation of the distinct progress achieved during the past ten months under President Curtis' direction.

DR. ROBERT N. SCHAPER. Bethany Church pastor, will deliver the invocation, with Harry A. Lange leading the Pledge of Allegiance to the Flag.

Linda E. Pistres will present dance numbers after which Mr. Curtis will report on the "State of Sierra Madre and the Future." Introduction of new members will follow.

Ralph Hurwit, chairman of the Chamber of Commerce Merchants Division, will describe the year's promotional works, plans for the Dollar days and Christmas decorations. Ed E. Herwig, editor of the **SIERRA MADRE NEWS**, will touch on "Sierra Madre's Future."

Councilman Milton R. Emerson will describe the program for new, improved street lighting for Sierra Madre's business and residential areas while Postmaster Charles E. Louk will discuss the new post office which should be ready for occupancy next spring.

PLANS FOR and work on Sierra Madre's Tournament of Roses Parade float will be outlined by Manuel de la Torre, co-chairman with Ralph R. Rule.

The dinner also will mark a kick-off for a new membership drive headed by Robert H. Green, manager of the Southern California Edison Company offices in Sierra Madre.

Tickets may be obtained at the Chamber of Commerce offices, 64 W. Sierra Madre Blvd., where the phone is ELgin 5-7141, or at the Sierra Madre News offices, 9 Kersting Court.

Rally on Saturday . . .

Republicans to Hear Hiestand, Lanterman

5,881 Voters Register in Sierra Madre

Exactly 5,881 voters in Sierra Madre will be entitled to vote in the Presidential, Congressional and Assembly election on Tuesday, Nov. 8, according to figures given out the past week by Benjamin S. Hite, Los Angeles County registrar of voters.

Of the 5,881 registrants, 3,629 are Republicans and 2,037 Democrats; a numerical superiority of 1,592.

However, there is another side to the picture in both the 21st Congressional and 48th Assembly Districts, one which distinctly is favorable to the Democrats.

IN THE 21ST Congressional District which includes Sierra Madre, Altadena, La Canada, Arcadia, Monrovia, and the entire northern strip of the county to the Ventura line, Democrats increased their registration over 1956.

Float Workers Start Labors This Saturday

Carpenters, welders and all interested men are urged to be on hand this Saturday at 9 a.m. at the Sierra Vista Park Youth Hut, when construction work on the float gets under way.

Bud Hartman and Vern Foster, co-chairmen in charge of construction, promise a wonderful free lunch and lots of fun for all the "saw-and-hammer" men who show up.

Ann Tyler, recommended by last year's workers, will prepare the feast out of funds donated by the Sierra Madre Civic Club.

Something new has been added this year to insure a more efficient operation of float work. A large tent has been rented by the float committee and will be erected in Sierra Vista Park behind the Youth Hut after Thanksgiving.

In previous years, a building in the City Yards was used, but it was too crowded and operations of the city were seriously disrupted during that time. Manuel de la Torre and Ralph R. Rule, co-chairmen of the committee, point out that this new arrangement will benefit all concerned.

Next general meeting of the float committee will be held on Wednesday, Oct. 19, at 8 p.m. If you are interested in attending, the phone number is ELgin 5-6697.

Acrid Words Stir Meeting Of Council

City Council accomplished much Tuesday night, but not without acrid exchanges between City Administrator Lawrence C. Bevington and Attorney Noren Eaton and Melvin L. Bowman of 304 Churchill Rd. These occurred during discussions of the closed fire area and recommendation to proceed with street construction in front of the Boggio property on Bonita Ave.

Council accomplished these things:

1—Approved hiring of an assistant engineer at a four-step salary of \$650-\$750 a month.

2—Decided on a joint meeting of the Council, Planning Commission and Hillside Development Committee to further study the latter's report.

3—Approved the Closed Fire Area ordinance.

4—Hired Robert Ainsworth as architect for the new Canyon Fire Station.

5—Advised the N. Baldwin widening between Grand View and Alegria will cost \$35,560.

6—Voted to proceed with the Mira Monte Reservoir at a cost of \$100,000, and made \$15,000 available immediately for land acquisition.

ADMINISTRATOR Bevington was first the target for heated words which preceded passing of the Closed Fire Area ordinance recommended by Fire Chief Charles E. Brown.

The squabble centered about a widening of the area to include territory within the city limits as an added precaution against forest fires, and which means the closing of Mt. Wilson Trail during certain months of the year.

Attorney Eaton contended Mt. Wilson Trail inside the city is a public street and so cannot be closed. His exchanges with Bevington became so heated that at one juncture Mayor W. Webster Vannier gavelled Attorney Eaton into silence.

But not for long, for Mr. Bowman insisted that despite any closing stricture he had the right of ingress and egress to and from his property which is within the boundaries proscribed by the ordinance. He dared the city authorities to arrest him for any violation and after heated words directed at the city administrator, stomped out of the meeting.

COUNCIL AGAIN ran foul of Attorney Eaton in considering proposed construction.

5,800 VOTERS SET FOR ANNEXATION ELECTION TUESDAY

Interest Runs High In Stirring Contest

There are approximately 5,800 voters in Sierra Madre, and both pro and anti-annexationist leaders hope that mostly they will vote Tuesday at the special election. The latter will decide whether the Sierra Madre School District will be annexed to the Pasadena School System.

For years now, Sierra Madre High School students have attended Pasadena schools. If the annexationists win next Tuesday the city's two elementary schools, Sierra Madre and Sierra Mesa, will be placed under the direction of the Pasadena School District, while the senior and junior high students will continue to attend classes in Pasadena.

ONE ELEMENT in the situation is the new \$7,750, 000 Pasadena High School in Victory Park, on Sierra Madre Blvd., which was dedicated a week ago last night in ceremonies attended by 10,000 persons. This new school is set on a 35-acre campus.

John H. Curtis, president of the Sierra Madre Chamber of Commerce, led the fight for the annexationists in a battle for votes extending some eight months.

In the adjoining columns will be found the last summing up by Mr. Curtis and by Mrs. Claude H. (Eleana) Brown, leader of the anti-annexationists.

Mr. Curtis, throughout, has predicated his arguments mostly on financial angles, contending that Sierra Madre cannot afford to create a separate school district and build a senior and junior high school of its own—that this would impose an insupportable and penalizing tax burden on property owners for years to come.

Mrs. Brown contends that it is possible to form such a district and to erect a Sierra Madre high school capable of caring for the needs of the 800 or 900 students who would use it. She also has advanced the theory of "togetherness," claiming

students attending Pasadena high schools are "lost in the shuffle" because of the latter's size.

STATE AND COUNTY authorities have indicated a belief that annexation is the best possible policy, both from a financial and education aspect.

Incidentally, La Canada also will vote on a same-

what similar proposal Tuesday. The vote there, however, is on a straight out-and-out proposal for La Canada unification.

A study conducted last spring by the Sierra Madre Advisory Educational Committee, extending several months, recommended to the Sierra Madre Board of School Trustees that because of the excessive cost of operating a unified school district and because of educational advantages it would be better to annex the elementary grades to the Pasadena School District. The committee vote was 14 to 3.

Subsequently, the Chamber of Commerce by an almost unanimous vote approved annexation.

The Board of School Trustees on May 24 voted 4 to 0, with one member abstaining, to approve the Educational Advisory Committee's recommendation. This view was submitted to the County Board of Education and subsequently to the State Board of Education at Sacramento. The latter set Oct. 18 as the date for the election.

Mrs. Lucy Young, drive director, announces that there are more than 150 volunteer workers taking part in the campaign to raise the requisite amount in the shortest time possible.

The pre-campaign contributions total some \$2,000.

150 Workers In Community Fund Drive

Sierra Madre's 1960-61 Community Chest campaign funds yesterday touched \$2,500, according to the thermometer in Kersting Square. The goal is \$13,000.

Day Robbery Booty \$235

A bold daylight robbery was reported at the Ceco TV store, 282 W. Sierra Madre Blvd., last week.

Between 4 and 5:30 p.m., a tube case containing several tubes and tools valued at between \$235 and \$250 was taken from a company truck parked at the rear of the store, according to D. S. Scooley, manager.

Those interested in "Taxing Issues" are welcome to attend the 9:30 a.m. meeting.

Two View On Annexation

Here the two leading protagonists in the annexation election, John H. Curtis, president of the Sierra Madre Chamber of Commerce, and Mrs. Claude H. (Eleana) Brown present their final views to the voters. The **SIERRA MADRE NEWS**, considering this a public service, is glad to present the views of Mr. Curtis and Mrs. Brown as follows:

Mr. Curtis:

To the People of Sierra Madre:

Thank you, Editor Ed E. Herwig of the **SIERRA MADRE NEWS** for this last opportunity to speak to the people of Sierra Madre through your columns on the most important issue of our annexation to the Pasadena School District to be voted on next Tuesday.

Your paper has been most cooperative in bringing both sides of this issue to Sierra Madre citizens. And I highly compliment your forthright editorials in favor of annexation.

Last spring when this issue first came up the Chamber of Commerce directors voted unanimously in favor of annexation and our members voted 46 to 3 in such favor. The Sierra Madre School Advisory Committee voted twice by 14 to 3 in favor of annexation. The Sierra Madre School Board voted 4 to 0 (one member abstaining) in annexation favor.

THE OVERWHELMING opinion of Chamber of Commerce members and of the School Advisory Committee, of which I was a member, was that we could have much better schools at far lower cost by annexing to the Pasadena district. Here are the facts:

We have, from the beginning, been a part of the Pasadena High School District and have helped to build their—yes, our—splendid new high school, one of the finest and most modern in the state—the new Pasadena High School.

We have always borne our share of that building cost and I cannot now believe that the citizens of Sierra Madre will favor withdrawing from this district, sacrificing

Mrs. Brown:

To the People of Sierra Madre:

The minority group of the Citizens Advisory Committee, for which I have been the spokesman, feels that, although Pasadena may have a fine educational system and certain advantages, the immense size of their secondary schools, the transportation situation, and going out of the community are not best for our Sierra Madre students.

This group feels that Sierra Madre, using the same spirit and determination that has marked other successful past ventures, could create a first-rate school system—one in which each individual student has a "place," where all students have the opportunity to take part in school activities; where counselor-teacher-pupil-parent relationship is closer; where the atmosphere is quieter, more conducive to learning, and less regimented; where the community is closer to its schools; where transportation does not eat into precious free-time; where the great average group will not be overlooked; where staff planning is simpler; where the pressures on teachers are less; where discipline can be better handled and juvenile delinquency is less; where impersonal records are not the main source for student guidance.

WE CAN create a first-rate school system where the curriculum is geared to our students' needs, without the duplication necessary in larger schools.

Whichever route Sierra Madre takes will not be cheap. Though Pasadena has a broader tax base than Sierra Madre, the amount of income available per student

WHY SMART WOMEN COOK WITH MODERN GAS:
ACCURATE top burner temperature control lets you cook your best, automatically. Just dial the degree of temperature you want. The amazing "burner with a brain" takes the pan's temperature, then raises or lowers the clean, blue flame to maintain the exact heat. Coffee won't boil over. Eggs won't stick. Foods won't scorch or burn. Today's automatic gas ranges have so many wonderful features—yet cost less to buy, install, and operate—you'd think everyone would cook with modern gas. That's why the majority of Southern California women do!

Eleven new members will be initiated into Sierra Madre Civic Club at its annual Initiation Baquet tonight at 7:30 at The Derby, Arcadia.

Mrs. George H. Hohnsbean, first vice president of Verdugo District, California Federation of Women's Clubs, will initiate Mrs. Edward S. Avery, Mrs. W. A. Crawford, Mrs. David Harris, Mrs. Roger McClellan, Mrs. Willard Mescher, Mrs. Kenneth Moyer, Mrs. Robert Poolman, Mrs. James S. Reed, Mrs. Frank J. Ross, Mrs. John R. Mrs. Edward Chapman, membership chairman, and Mrs. Richard Keppler, program vice president, have been in charge of arrangements for the banquet, which will include a musical program by the Mothersingers Trio of Eugene Field Elementary School.

Mrs. Richard Kohler, recently elected president to replace Mrs. James Vine, who has moved from Sierra Madre, will welcome the initiates into the club.

The club will continue its traditional projects of sponsorship of two Marine Ships, "Novia del Mar" and "Sea Nymph," a Bluebird troop, and a Little League baseball team, as well as operating the Toy Loan Center and conducting the Mothers March during the annual March of Dimes campaign.

In addition, it will continue its assistance to the Friendship Club, a senior citizens' group, and its Christmas decoration project. Another community service project will be the co-sponsorship with the Youth Coordinating Council and the Recreation Commission of the Teenage Dance at the Community Hall on Halloween Party.

Mrs. Mary Davidson Caley, 233 Ramona, celebrated her 99th birthday anniversary last Thursday. Many of her long-time friends and neighbors dropped in to offer congratulations, cards, gifts and flowers.

Mrs. Caley, born Oct. 6, 1861, in Cleveland, O., came to Sierra Madre, with her husband, William P. Caley, in 1895 for her health and has been a continuous resident since then.

She is the oldest living charter member of Sierra Madre Woman's Club and Sierra Madre Congregational Church. She is the mother of

Mrs. Hilda C. Noble and Mrs. Maybelle C. Barker and the grandmother of Miss Nadine Noble.

Mr. Caley was Sierra Madre's first city marshal and tax collector. During his years in Sierra Madre he was engaged in real estate investments.

U.N. Theme Spotlights W.S. Meeting

The United Nations continued in the spotlight as the Women's Society of the Sierra Madre Methodist Church met Tuesday at 10 a.m. in the Parish House.

Under the theme "Living Echoes," results of U.N. and other worldwide efforts toward peace and neighborliness were reported in a series of dramatic monologues. Participating in these were Mesdames Lawrence Bevington, James Case, A. L. Floyd, Ernest Phillips and Keith Stiles.

In another part of the program, Mrs. Harold Porter, chairman of Esther Circle,

summarized the progress of that group. Welcoming hostesses for the meeting were Mrs. Leslie Carr and Mrs. Harvey Hensel.

A salad luncheon following the program was prepared by the Elizabeth Circle under the direction of its chairman, Mrs. Daniel Nigh.

VILLA VIEWS

By Toni Maurin
ST. 7-9634

I don't consider myself too old, but I do remember the time when you didn't mention certain personal words in public. They were only mentioned in the privacy of your home behind locked doors.

Now the world has so changed that it is not at all unusual to speak freely of almost anything that might enter your head.

My sensitivities reject the thought of appealing to society for sanction and approval whenever a new child would be created. This method of controlled births is labeled a philosophy of humanism. In other words, clean up the race and let the weak ones die out.

This theory, to me, has the ring and cry of the now long-gone paperhanger from across the waters. I didn't like it then, and I like it even less now.

In order to follow this theory to its fullest you must reject any idea of God, and look to man and science for salvation.

I prefer to take my chances with God. He's been here longer than anyone and will be here long after science has discovered more ways to end the human race.

DR. AND MRS. JOHN D. EVANS of Claremea Lane have been having a lot of activity around their home party-wise of late, and as Mrs. Evans put it, they were able to sit on the sidelines and enjoy watching, for a change, without any of the work.

To wit, they opened their home for the Venture Club last week for their swim and buffet supper party.

The Venture Club is a group of young business people who are sponsored by the Soroptimist Club, of

WOMEN'S COUNCIL of Assumption of the Blessed Virgin Mary Catholic Church is holding its annual membership tea today in the Altadena home of Mrs. Paul L. Phillips, 2601 Morsley Rd. Making final plans were, from left, Mrs. John C. Talbot, Mrs. Phillips, Mrs. Cyrus J. Maggio and Mrs. E. L. Douglyn.

which Mrs. Evans is a member. There were about 50 guests at the party last weekend, and all the young women will probably be eligible for the Soroptimist group one day.

On the 21st the Soropti-

mists are planning a big luau at the Evans home.

MR. AND MRS. HOWARD H. MORGRIDGE of Meyerloa Lane have also been in the position of donating their home. Their party was the

Pasadena Assistance League patio party and box supper. There were about 118 guests.

The theme this year was of a political nature. There were campaign banners for both parties all over the place, with red, white and

blue balloons floating around in space. Center of attraction, however, was focused on a seven-foot replica of Uncle Sam.

I JUST FOUND OUT that Dr. and Mrs. J. G. Allin have moved to Altadena. They have sold their home to Mr. and Mrs. Ted J. White who are former residents of Altadena.

The Whites have four children, starting with Bill, 10; Christine, 7½; Mary Ann, 5, and David, 3½.

I asked about hobbies, and after careful consideration Mrs. White mentioned that Mr. White enjoys golf. They both enjoy bridge and camping at the Hotel Hilton. My sentiments, exactly.

MR. AND MRS. E. L. RUCKS of Claremea Lane are back home again after a four-week trip to Europe. They flew to London where they spent a few days before going to Bristol. Aero-Jet has a plant at Bristol. Mr. Rucks is associated with Aero-Jet here.

They flew from there to Paris where they spent almost a week. After leaving Paris they went to Copenhagen, Denmark.

Mrs. Rucks said it was absolutely the cleanest, friendliest place she had ever visited. They were absolutely enthralled with it. They flew home again via Scotland.

A SERIOUS NOTE is called for. We all tend to be a little casual about locking our doors up in these hills. There have been a series of intruders of late, and although there has been no serious trouble reported, there is always the first time. The police warn us to always check and lock our doors before leaving or retiring.

CUT IN AUTO MISHAP When his car struck two parked vehicles on Rosemead Blvd., in Temple City, Joseph Ricobano, 34, of 205 Wilson St., Sierra Madre, suffered severe cuts which necessitated treatment at Temple City Medical Center.

Marge and Lucie are the first to admit that this is a man's world. We certainly want no part in running it, although we do have a few ideas on the subject.

One of the most man's world places we know of is the service station, and we're always glad to get our gasoline as quickly as possible and get away from there. Sometimes, however, we find it necessary to make further contact, and we can always tell, by the nauseating smile on the man's face, that we pronounce things wrong and generally show our stupendous ignorance.

But we want your opinion on this. What would you say if you went to the service station as directed by the husband to have a new left rear tire put on the car, having made sure that the tire had already been paid for?

So the service station man admitted we were in the right place, looked searching at the official tire document and asked "What about the balance?"

"But it's been paid for," we cried, "there isn't any balance."

Then came the lip curling sneer. The man stared at us and we stared at him. Then he said slowly, enunciating each syllable, "Balance the wheel."

While we stared open-mouthed, he said they put weights on the wheel to make the tire rounder, that it cost \$1.40, and made the tire last longer.

Naturally, we gave the only logical answer. "No, thanks. They should make the tires round at the factory."

Besides, we were anxious to get out of there.

CONGRATULATIONS to Marilyn Anderson and the Ranch Wrens. Marilyn is their new president, took office last week at a meeting at the home of the retiring president, Dolores Zinnmeyer. Other new officers of the group are Eileen Ray, vice president, who has the job of program chairman; Alma Evans, secretary, and Sara Jayne Caldecott, treasurer. Dorothy Taylor was Dolores' co-hostess.

JANE HURTER and Virginia Koch, two Ranchites, will be among hostesses for the first meeting of Pasadena alumnae of Alpha Omicron Pi, a luncheon today at the home of Mrs. Francis Small in Altadena.

Don Benito PTA Movie on Oct. 22

The first special event of the year for Don Benito PTA will be a movie, "Call of the Forest," a nature adventure story of a little boy and his friendship with wild animals in the forest.

There will be two showings the morning of Oct. 22—9:15 and 11 o'clock—in the school auditorium.

The film runs 70 minutes. Don Benito students and their friends are welcome. Admission will be 25 cents a person. Pat Dennis, special events chairman, is in charge of the project.

FORMER Berkeley-ites are planning their annual autumn Cal Alumni Club dinner Oct. 22 at the Carl Moore residence, 601 Madre. Claude Browns, of Sierra Madre, are taking reservations for old grads of the area.

IF YOU HAVE forgotten that getting the children back to school means "back to school" nights for you, too, Field has kindergarten parents due for a 7:30 to 8:15 p.m. session Monday; second and third grades, Tuesday; fourth and fifth grades, Wednesday, and first and sixth grades, Thursday. Wilson Junior High has its parents' night Thursday, beginning at 7:30.

Don Benito PTA Plans Meeting

Dr. Howard Floyd, assistant superintendent of Pasadena City Schools, will be the moderator for a panel of educators including Mrs. Ella-Mason Whittier, school psychologist consultant; Miss Renee LeRoy, supervisor of elementary education, and Leo Buscaglia, supervisor of special education, at the Wednesday, Oct. 19 meeting of Don Benito PTA in the

school auditorium at 7:45 p.m.

The subject for discussion will be "Special Educational Needs for All Children."

Arrangements for the program have been made by Mrs. Warner Hamlen, first vice president.

Walter Shafford, president of Pasadena Board of Education, will speak briefly and answer questions related to the school bonds. Introducing Mr. Shafford will be Mrs. Harlan Dunn, school education chairman.

The Flag Salute will be led by the Sunshine Group of fourth grade Bluebirds under the leadership of Mrs. Gordon Foster and Mrs. Donald Peterson.

First grade room mothers, Mrs. Daniel Wells, Mrs. David Karin and Mrs. Hubert Livingston will assist Mrs. Richard Bachtel, hospitality chairman, as hostesses for the evening.

before-need mortuary arrangements

Rose Hills' unique before-need plan...

Under Rose Hills' comprehensive before-need plan, families are enabled to select their memorial property well in advance of need, in much the same way as insurance is purchased. Then, in time of emergency, the family is spared uncertainty and emotional stress, as well as the burden of arrangements during a particularly difficult and trying time.

Considerable savings are possible through the before-need selection plan. Most families select choice semi-developed property. This provides protection for the entire family at a time when provision can be made out of income.

Also contributing to peace of mind is the PURCHASERS' PROTECTIVE PLAN offered without additional cost in connection with a before-need family memorial. In the event of the death of the purchaser, a life insurance company pays the balance of payments due, and the family receives a paid-up certificate of ownership.

is roughly the same at no great disparity in tax rates. Money spent per student is not necessarily a guarantee of quality education.

The cost of operating our own school system would be high initially. Operating tax maximums in effect at the time of unification would remain the same for a while. Bond tax rates would be fairly high at first because of the need to construct a new school plant. (Printed reports with figures of this kind are available in the school district office.)

Keeping the future in mind, the price is not too high to maintain our community identity and to give our children 100 per cent chance at full education.

MIGHT NOT annexation to the Pasadena School System be the next to the last step in complete loss of community identity? The next logical step would be to annex Sierra Madre to Pasadena completely to obtain the "advantages" of a larger city.

The minority group feels that our own school system can be established at a not too unreasonable cost to the taxpayers.

We can do it—if we want it enough.

senior high schools, which would cost us so heavily, even if approved by county and state school authorities and local taxpayers by the necessary two-thirds majority.

OUR VOTING for annexation will protect our interest in the splendid school system we have helped to build over the years, and will save our taxpayers millions of dollars.

Our junior and senior high school students would not be disturbed but very greatly benefited by becoming a part of the Pasadena School District, by extra services, recreational supervisors and better maintenance—all of this at a lower cost to taxpayers.

of a half-street in front of the Boggio property on Bonita Ave. The owner proposed this move, contending that his deposit of \$625 made when he signed an agreement with the city, does not call for the improvement and that the \$625 should be returned.

In explaining this, Attorney Eaton and the city administrator steamed up their exchange of words, the former arguing that Bevington did not act in good faith. The city administrator denied this. Later, Attorney Eaton said he did not mean to imply that Bevington was "a liar."

The assistant city engineer will head up the Public Works Department. His maximum salary of \$9,000 compares with the approximately \$20,000 a year which has been spent by the city in hiring engineering services, the move by Council representing a savings to the taxpayers.

The fifth attempt by Jack Pratt for a lot split at 295 E. Orange Grove was held over until the Oct. 25 meeting at his request.

COUNCIL WAS advised that the Utility Users Committee has asked the Public Utilities Commission for a rehearing on the rate raises granted the California Water and Telephone Company. If this fails it will pave the way for a hearing on the company's services in this area in which, it indicated, Council will join.

The city administrator told Council that bids for the fire marshal's new truck totaled \$4,534 against the allotted figure of \$3,600. This is because the U.S. Forest Service could not do the fitting of the truck and advised that it be done by some commercial firm.

Here again there was spirited exchange between Attorney Eaton and Bevington, the former contending that Carl Hansen of the Ford Agency in Sierra Madre should have a chance to bid on the work. Bevington contended the Chevrolet truck is more adaptable for such purposes. Estimates added \$900 to the original allotment for the truck.

by 41,640 voters to an increase of only 19,710 voters for the Republicans. The Democrats now have 188,874 voters registered in the district and the Republicans 154,815.

In the 48th Assembly District (Sierra Madre, Altadena, La Canada and Monrovia), Democrats gained 3,617 to 2,449 for the Republicans over the 1956 figures. Republicans here, however, hold a 21,504-voter lead, with 54,545 to 32,941 for the Democrats.

Lions Will Hear Former Monrovia Mayor Speak On 'Feather River Water'

Members of the Sierra Madre Lions Club at their meeting Thursday night, in the Sierra Madre VFW Hall, will hear Robert T. Radford, former Monrovia mayor, speak on "Feather River Water," especially as it would affect the San Gabriel Valley.

Mr. Radford, business man, chairman of the Los Angeles County Watershed Commission and director of the Upper San Gabriel Valley Municipal Water District, has been actively interested in water conditions in the San Gabriel Valley for many years and his talk will be especially pertinent in relation to Proposition 1 at the November election, Proposition 1 deals with the Feather River Water bond issue which Gov. Edmund G. Brown has placed before the voters.

Stirling Ripple and Nash Cavan have been placed in charge of the Lions Annual White Cane days scheduled for Friday and Saturday of this week. Sale of White Cane proceeds in Sierra Madre and Upper Hastings go to aid the blind.

Republican Rally

Continued from page 1
Eugene Bell, former president of the Young Republican Club, and a Sierra Madre resident, will be master of ceremonies.

Tuesday, Oct. 11, proved an active day for the Republicans with the coffee hour

in the morning at the home of Mr. and Mrs. Kurt Ferber, 269 Rancho Rd., at which Kay Mansfield, Hollywood entertainer and ventriloquist, and her puppet, did her political satire skits. In the evening, Sierra Madreads joined the large crowd welcoming Dick and Pat Nixon on their arrival at Lockheed Air Terminal.

SIERRA MADRE Republicans will be represented tomorrow at the "Welcome Dick and Pat Nixon" Rally at City Hall in Los Angeles, followed by a motorcade through the Downtown Los Angeles area.

Ike's Words for Nixon

One of President Eisenhower's strong points is his ability to evaluate men. This capacity held him in good stead as commander-in-chief of our armies in Europe, as president of Columbia University and then as President.

Consequently, his answer to allegations that Richard M. Nixon is not qualified for the Presidency should carry full weight with American voters, especially when he says:

"He (Nixon) is dedicated, decisive, persistent in pursuing new ways for improving government, and a man possessed of the character, patience and sound judgment so essential for effective leadership in the troubled world of tomorrow."

TOUCHING UPON Nixon and his Democratic opponent, President Eisenhower says that "leadership is not proved by a mere whirling across the public state in a burst of oratory."

In other words, deeds count more than a plethora of words, and here the President remarks that "It (leadership) is forged in the experience in the many workshops of public affairs—at the council table, the diplomatic conference; it is ripened in unlimited contacts with those who work at the summit and those who labor in the vineyard. It gains deeper insight as it explores into the ideas and problems that disturb world leaders and bewilder humankind the world over."

TOUCHING FURTHER on the viewpoints and qualifications of the two candidates, Ike remarks:

"We do not want leadership that sees only dark continents of despair in American life—leadership that has a stultifying preoccupation with our faults. We do want leadership that gauges our problems with definitive care, and then produces a solution patterned carefully to the problem, regardless of the carping of the irresponsible."

"Do we want leadership from a trained team, unmatched in experience in the affairs of modern diplomacy, to continue and enlarge upon what we have done to build peace with justice."

"Of course we do—we want Nixon and Lodge."

WE MIGHT SAY, "Ask Ike—he knows." And what he knows, through his own experience and knowledge of Nixon and Lodge, is sufficient to advise the American voters to register an overwhelming majority for Nixon and Lodge on Tuesday, Nov. 8, now less than four weeks away.

Vote 'Yes' for Annexation At Next Tuesday's Election

Sierra Madre voters go to the polls next Tuesday to cast their ballots on whether to annex our Elementary School District to the Pasadena School District. Already our senior high and junior high students attend the Pasadena schools.

It is an election fraught with much moment for it will decide whether this "Little Foothill City of Livability" will choose the path of least taxable expense and wider educational advantage or go it alone, create our own school district with its burdensome addition to every property owner's tax load, and educational facilities far less advantageous and valuable to our elementary pupils and high school students.

The problem is both monetary and educational, with the two intertwined into a straight line of commonsense thinking that points clearly to annexation as the most beneficial and positive policy.

WE HAVE EVERY sympathy for annexation opponents, and admiration especially for Mrs. Claude H. (Elena) Brown who has led the fight against annexation. Incidentally, we doff our editorial chapeau to Mrs. Brown—she is a personage of undaunted energy, intelligence and purpose and a Sierra Madrean par-excellent. In fact, we sometimes like to think of her as "a female Teddy Roosevelt."

Sheer logic, however, moves the compass point toward annexation. It would be nice to have a high school all our own—it would be fine to see our Sierra Madre high school students going to and from our own high school. But when analyzed thoroughly the costs would be almost prohibitive and an intolerable and unjustified burden on succeeding generations.

ON THE OTHER HAND, Pasadena offers us a new high school, almost on our own doorsteps and educational courses we could not match, all this for considerable less annual tax load than if we created our own school district and erected our own senior and junior high school.

On Page One of this edition John H. Curtis, president of the Chamber of Commerce, pro-annexation, and Mrs. Brown, anti-annexation, present their views of facts and figures. We will not delve into that editorially, leaving it to our readers. But we believe that the facts and figures which have been presented to the public for the past six months show clearly that annexation is vastly preferable.

Consequently, the **SIERRA MADRE NEWS** urges its readers to cast a vote Tuesday **FOR ANNEXATION**.

Rose Float Enterprises

The naming of Ralph R. Rule and Manuel de la Torre as co-chairmen of the 1960 Rose Float Committee is a wise choice which, with the generosity of City Council in making \$1,500 available toward the project, spells excellent success for this civic adventure which has become an annual part of our city's yearly enterprises.

Likewise, appointment of Bud Hartman, Vern Foster, Leo Barkley, Joe Delagato, Joan MacDonald, Paul Narco-wich, Lawrence C. Bevington, Kathy and Art Albertson, Ann Tyler, Myrt Waite, Ann Forney, Sam MacDonald and Billy Birch to head the construction, finance, publicity, Rose Sale, treasurer and float decoration departments assures a repetition of the energies and direction and plan-

THE VFW LADIES AUXILIARY is again busy collecting and assorting rummage for their annual sale at the club, 40 E. Montecito, for three days, beginning next Thursday from 10 a.m. to 5 p.m. Late shoppers may come Friday night until 9 o'clock. All proceeds are for the relief fund. Here we have, from the left, Mrs. Hendrika Van Iersel, Mrs. Dorothy Kenney, treasurer, and Mrs. Dottie Underwood busy sorting some of the articles already received.

Lee Shippey asks What Do You Think?

Two or three weeks ago this column mistakenly credited Goldsmith with authoring some often-quoted lines, and some dear lady kindly wrote in to correct me.

Her letter arrived at a moment when we were too absorbed in other matters to more than glance at it, and now that I am eager to write her my thanks I cannot find it, nor can I recall what the quotation was, nor who wrote me.

But I am grateful for being corrected. Practically all my reading of the classics was done more than 50 years ago, and memory frequently trips me.

SOUNDS to me as if the most important member of many a momentarily popular orchestra must be the disarranger.

FOREST FIRES are continually blamed on children and matches, but adults should have to shoulder far more blame than they do. Millions of us adults leave match folders lying about carelessly all over the house.

It is as natural for children to wish to play with fire as it is for us adults to be stupidly thoughtless. Every match folder left within reach of a child is an invitation to disaster.

WHEN TOM DEWEY first announced his candidacy for President, Harold Ickes, "The

Old Curmudgeon," wisely cracked: "Young Mr. Dewey has thrown his diapers into the ring."

That made the entire nation titter and think of Dewey as younger than he was. Probably it was memory of that which has inspired a good deal of comment about the comparative youth of both this year's Presidential candidates, especially Kennedy.

So it is interesting to note that Theodore Roosevelt, who started the first national effort for conservation of natural resources, got rid of yellow fever, had the Panama Canal built and inspired the trust-busters to put restraints on vast consolidations of capital which, Teddy felt, were dangerous to the freedom and welfare of the public, was just the age Kennedy is—43—when he became President. If you have what it takes you don't have to be aged in wood to get things done, as nearly every great business organization has learned.

GOOD OLD baseball. Khrushchev grabbed nine-tenths of the attention at the United Nations. But once the World Series started he was merely the forgotten man.

That should teach us something. If we'd all turn our backs and walk out when K. starts to speak, he would learn what talking to himself is and how boring he can be.

OUT OF THE COBWEBS

53 YEARS AGO THIS WEEK, Oct. 11, 1907—About 4 o'clock Monday afternoon, Gerald, the little son of Mr. and Mrs. Roth Hamilton, was seriously injured by being thrown from a carriage on Live Oak Ave. Rev. Charles E. Bentham had taken the little boy for a ride. At Central and Baldwin Aves., Mr. Bentham tied

the horse while he attended to some business, leaving the child in the carriage. The horse became frightened, tearing the bridle entirely from its head, and started to run on Baldwin Ave., turning into Hermosa Ave. When Live Oak was reached, the fence along the Baldwin Ave. property was encountered and Little Gerald was

ning that heretofore has gone into the float construction and appearance.

More help, however, is needed and the **SIERRA MADRE NEWS** urges all public-minded residents of our "Little Foothill City of Livability" to join in this community project. You'll get a lot of fun from it and plenty of satisfaction from your efforts as you watch our float, "Barnacle Bill the Sailor" move smoothly and handsomely in the Tournament of Roses Parade up Pasadena way come Jan. 2.

Tenshun, elder folk—you can take a hand in the Float work, too. You're needed.

Ah, Candidates!

One candidate for a state office told me there was absolutely no honor between candidates this year. "Why," he says, "only last week I called on an influential family and mowed their hedge, pruned their roses, and then when I went inside to get a drink before 'politicking' them, lo and behold if my opponent wasn't in the kitchen finishing up the week's washing and was ironing a few flat pieces while he was filling them full of his propaganda. . . . An honest man hasn't got a chance."

thrown out, breaking the right leg above the knee.

Dr. and Mrs. Frank Zelinsky of Los Angeles have taken charge of El Reposo Hotel property in the northern part of the city and will make improvements that will make this beautiful place one of the most charming hotel homes in this section. The house will be under the personal direction of Mrs. Zelinsky, the doctor retaining his practice in Los Angeles. Dr. Zelinsky was formerly in charge of the Glendale Sanatorium.

Mr. Fred Cropps, who has been visiting his parents, Mr. and Mrs. M. W. Cropps of Esperanza Ave., has returned to Mexico where he has large mining interests.

21 YEARS AGO THIS WEEK, Oct. 13, 1939—Harry Long, 82 E. Sierra Madre Blvd., has returned from a vacation trip to Cincinnati and Chicago. He came home by way of San Francisco where he was met by Mrs. Long and her house guest, Frances Brown, with whom he visited the Exposition.

Mr. and Mrs. William H. Schwartz and Mr. and Mrs. Harrison Bains have returned from a week's vacation in the High Sierras and Death Valley.

Mrs. W. A. Gerry, 146 S. Hermosa, is enjoying an extended visit with relatives in Oakland.

Mrs. J. S. Billheimer, 37 Suffolk, has returned from Modesto where she spent several days with her sister, Mrs. George R. Davis, with whom she journeyed to San Francisco and the Exposition.

Dr. John L. Woehler will attend the 42nd annual convention of the Southern California State Dental Association, Oct. 17, 18 and 19 in Los Angeles. More than 1,200 dentists are expected to attend.

10 YEARS AGO THIS WEEK, Oct. 12, 1950—Standing at the edge of the crowd Friday afternoon watching the last PE electric car leave Sierra Madre was William E. Deutsch, 27 W. Laurel, a resident here for 65 years. The ceremony honoring the last Red Car was of special significance for Mr. Deutsch because he was among those present at another ceremony nearly half a century ago—an event welcoming the start of the PE Lines in Sierra Madre. The Deutsch family moved here in 1884 when Mr. Deutsch was 7 years old and when there were only 18 other families living here. The pioneer residents attended school here when it was located in what is now Kersting Court.

After May 3, no city employee of Sierra Madre will receive his pay check unless he has first signed and sworn to a loyalty oath. The City Council so ruled Tuesday night upon recommendation from the League of California Cities. The action was an aftermath of legislation passed by the state on Sept. 21. In effect, the state law makes every public employee a civil defense worker.

5 YEARS AGO THIS WEEK, Oct. 13, 1955—Sweet potatoes as big as pumpkins yet! Well, that almost is the record of William Kellow, 169 N. Lima. About three and one-half months ago, Kellow planted a small patch of sweet potatoes behind his home. Last week, to his astonishment, he unearthed one that is 17½ inches in diameter. Quite a potato—sweet or Irish. And, like Topsy, Kellow's potatoes just grew.

Eight persons were authorized to serve as reserve policemen at the City Council meeting Tuesday night. Recommended by Police Chief Gordon G. McMillan, the appointments, without pay, went to Oliver P. Arnold Jr., John M. Avedesian, Rudolph H. Behrens, Robert C. Michael, Leon D. Dame, Gale L. Hersey, Andrew P. Niles and Donald L. Matson.

Letters to the Editor

Dear Editor:

I've been listening to Mrs. Eleana Brown tell us why we should vote against annexation to the Pasadena School District. I think it is about time somebody called her on some of the things she has been saying.

Take that remark of hers, often repeated, that we could, if we really wanted to, build a school here so fine that the best school teachers in the country would scramble over each other trying to teach for Sierra Madre.

As I see it, fairy stories and Mother Goose rhythm are all right as bedtime stories for very young children, but hardly the kind of facts that parents and taxpayers ought to consider in the best interests of their schools and school children. If wishing and wanting was to be taken as the complete formula for reaching any desired goal of success and achievement, why go to school at all?

Mrs. Brown suggests that we might be able to attract the finest educators in the country. These educators, I take it, would be doctors of education. But why should she want them? We have already had the services of the finest educators we could employ and they have all voiced their overwhelming opinion in favor of annexation to Pasadena.

More than that, building such a modern school system she talks about would cost most highly. She should also know that even school teachers are human and would be attracted to Sierra Madre only by higher salaries. Who would pay these super-costs?

I suggest Mrs. Brown and her followers to think again before they urge the taxpayers of Sierra Madre to throw away millions of dollars in a wild gamble to build our own complete school system.

—A S.M. TAXPAYER.

Dear Editor:
As a relative newcomer to Sierra Madre, a long-time supporter of the public

schools and a friend of young people interested in helping to provide the best possible educational advantages for them, I attended most of the meetings of the Citizens Educational Advisory Committee.

My impressions lead me to the following conclusions:
1—The Board of Education selected a committee that could hardly have been more representative of the entire community.

2—The committee, under the able leadership of its chairman and the realistic, constructive thinking of its members, rendered an outstanding, painstaking, time-consuming, thorough service.

3—If we believe in representative government then we will support the 14-0 (three abstentions) recommendation of the committee and the 4-0 (one abstention) decision of the School Board by voting for the school annexation to Pasadena and urging all our friends

Church of the Ascension Fall Festival Saturday Offers Many Attractions

The parish of the Church of the Ascension, 25 E. Laurel Ave., is holding their Fall Festival, Saturday, Oct. 15, from 11 a.m. to 7:30 p.m. on the church grounds.

Among the many attractions offered will be handwriting analyses by Horace Ditchfield. For the children, Joseph Dauben will present his Magic Show, and there will be novelty games such as fish pond, darts, and slingshot as well.

At the several booths, articles made by the women of the Church may be purchased, many of them such as dolls and doll clothes, appropriate for Christmas giving. Aprons, both practical and ornamental will be featured as well.

Mrs. Emile Smith will direct the Christmas booth where holiday decorations, candles and gift items will be for sale.

The Parcel Post booth, with Mrs. Charles Keener in charge, will have mysterious packages from near and far to be sold sight unseen.

THE RUMMAGE and white elephant booths, under the direction of Mmes Eugene F. Englar, F. James Blake, and Richard Simmons, are expected to do a lively business as well as the Treasure Chest where costume jewelry will be featured.

'Whole Love' Rev. Hansen's Sunday Topic

"We really don't know what love is until we learn to love God with all our heart, soul and mind," said the Rev. Ray E. Hansen, pastor of Shepherd of the Hills Lutheran Church, in announcing "Undivided Love" as his sermon for 10:10 a.m. Sunday. The congregation worships at 33 E. Sierra Madre Blvd., Sierra Madre.

"When Jesus was asked which was the most important commandment, he said love of God must come first and added that a second commandment is like it—'You shall love your neighbor as yourself,'" the pastor explained.

"It is only when we love God first and our neighbors that we shall realize our love is not divided, but undivided, one complementing the other to give our love its fullest expression."

THE SERMON will emphasize what to do to really understand love and to live a life that is full of love and understanding despite the tensions of today. It is based on Christ's words recorded in Matthew 22: 34-46, the Gospel for the day.

Sunday School classes for all ages are at 9 a.m. every Sunday. They include an adult Bible study led by Pastor Hansen.

DURING the post-partition months in India, when hundreds of thousands of refugees moved from India to Pakistan and from Pakistan to India, and there was tragic hunger, disease and homelessness in the lands, Bishop Pickett organized and was chairman of the Christian Committee for Relief, an agency credited with saving the lives of many thousands on both sides.

The work of this committee resulted also in a new understanding of an appreciation of Christianity among both Hindu and Moslem peoples, and the government of India formally thanked the committee for "its notable work."

"I build all kinds... but I live in a Medallion home"

MR. KEN WILLIAMS, SOUTHERN CALIFORNIA BUILDER AND HOME OWNER

"I could live in any kind of home I want, but I prefer my home built to Medallion Award standards. My wife, of course, goes for the all-electric kitchen. It's cooler and cleaner, easy to take care of. Since she helps me in my business, she needs a kitchen that's fast to work in. She gets it all in our Medallion kitchen."

"Most of my customers want Medallion Award homes, too. They've learned what I know: If the home you buy or build bears the Medallion, you'll have all the comforts of modern electric living, with lasting value."

Ken Williams, an expert builder who practices what he preaches, lives in his own Medallion Award home.

Only one new home in five qualifies for the Medallion—an Award which assures you

1. All-electric kitchen, equipped with major electric appliances, including flameless range and oven.
2. Housepower wiring for modern electric living.
3. Light for Living—abundant light designed for comfort, safety and beauty.

The Gold Medallion Award includes these Medallion features and more. For total electric living, the Gold Medallion adds:

4. Flameless electric space and water heating.

Take your problems to Church this week —

millions leave them there!

First Things First

Which came first, the egg or the chicken?

Down through the years, especially in the early years of our Christian era, men have debated and argued over questions of less importance than the one above. Some were men of letters, scholars of their period, but their learning was of little value to humanity for they spent much of their time in seclusion, filling reams of manuscript with writings of little or no importance. The pursuit of wisdom is laudable, but it is not an end in itself. The primary goal of humanity is to seek the Lord and when He is found to help others to find Him also. All other needful things will come.

Essential is the Church, where one may commune with God, learning about Him and His plan for our lives, for it will aid each of us in our efforts to seek and find the Lord. All other goals and endeavors are of less importance. Attend Church! Call upon God and His presence will go with you.

With the hope that it will, in some measure, foster and help sustain that which is good in family and community life, this feature is sponsored by the business firms and organizations whose names appear in this space.
